VELOCITY

PUMP AND CONTROLS

INDUSTRIAL

Quality

Dedicated to quality, Velocity ensures every repair meets high standards through strict quality control and key industry certifications.

Expertise

Expert pump repairs with in-house machining, balancing, and custom controls, reliable service for all major systems and brands.

Warranty

We back our work with a full one-year warranty, demonstrating our commitment to quality, reliability, and total customer satisfaction.

Trusted

Skilled, responsive, and reliable, our team delivers expert pump solutions with a focus on quality and customer satisfaction.

Field Service and Repair

Velocity Pump & Controls expertly repairs commercial, industrial, and municipal pumps including HVAC, boiler feed, water, sewage, and slurry systems. We service top brands like Flowserve, Goulds and Xylem with in-house machining, balancing, UL control panels, and CAD design for customized, reliable solutions.

Lubricants

Velocity Lubricants offers premium oils, cleaners, and fluids for industrial, food grade, and metalworking applications. We partner with trusted brands like Amsoil, BioBlend, Schaeffer's, and Kost.
